What you need

- Main color yarn – yellow, Beatriz (For sure you will have another brand that is available in your country), acrylic 100 g +/- 350 m (3.5 oz/381 yard), (Size 5 bulky weight yarn) (one skein)
- Yarn for the nose: light blue and black, Beatriz (For sure you will have another brand that is available in your country), acrylic 100 g +/- 350 m (3.5 oz/381 yard), (Size 5 bulky weight yarn) (a small amount of each color).
- Crochet hooks: 2.25mm (or any other in accordance with the yarn you use).
- Soft stuffing (like White felt, Fiberfill for stuffing, etc)
- Tapestry needle, Scissors

To crochet this toy, you can use any yarn of your choice. Consider the yarn thickness which can be calculated by dividing the grams by the meters indicated on the label.

Choose the hooks in accordance with the yarn you use. For crocheting a toy, I recommend you to choose the hooks of a smaller size than indicated on the label. If you crochet with a smaller hook size, the stitches will be tighter and the toy filling will stay securely inside and such a toy does not look messy.

Tips & tricks

This pattern is made in continuous rounds. Do not join or turn unless otherwise instructed.

Crochet pretty tight all the way. If you crochet very loose, try to use a smaller hook size.

Place a marker (a short piece of yarn) through the last stitch of every finished round to keep track with your pattern.

You can choose different kinds of yarn. The doll's measurements will change. Adjust your hook sizes accordingly.

Fill the toy with soft stuffing firmly as you go. The firmer you stuff, the better shaped your toy will turn out.

To make your work easier, use a special marker (or a piece of contrasting color yarn which you remove at the end) this will help to mark the beginning of every round.

Legs (make 2)

Use yellow color yarn and 2.25mm crochet hook

6 sc in magic ring

Rnd 1: * 1 inc * x 6 times = 12

On the opposite side secure the tail end of the magic ring carefully.

With front side facing you continue to work in spiral.

Rnd 2 to 5 (4 Rnds): 12 sc

= 24

Add stuffing to the legs and body.

Now it's time to do decreases:

Rnd 14: * 2 sc, 1 dec * x 6 times

= 18

Rnd 15: * 1 sc, 1 dec * x 6 times

= 12

Stuff detail firmly. The hole is very small. To make it easy please can use tweezers.

Rnd 16: *1dec* x 6 times

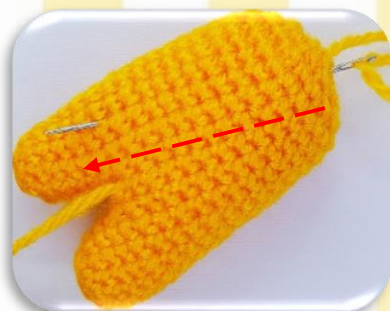

= 6
